

GO GONE

Web Comics- No Paper Require!

It was recently discovered that due to its digital nature, *Koo-Koo and Luke* is an environmentally friendly creative work. The lack of publishing offers* was probably saving hundreds (but more likely thousands) of trees and rainforests and stuff. So please, pass out loads of this flier, and spread the word about GO GONE GREEN.

*Interested publishers please contact author immediately.

"Not just because it's convenient for us!"
